NOTICE TO RESIDENTS MACKINAC RECONSTRUCTION

This letter is to advise you that Phase 1, from 10 Mile to 25234 Mackinac, will be open for vehicular travel this weekend. Do **NOT** drive over the approaches in Phase 1 as the concrete is not fully cured.

On Tuesday, May 12th, the approaches in Phase 1 will be accessible. We ask that everyone in Phase 1 park in their driveways on Tuesday before 7:00 am to allow access for those residents in Phase 2 to park on the street.

The contractor will begin removing the concrete from 25234 Mackinac to Church Street for Phase 2 on Tuesday, May 12th. All residents in Phase 2 must have their vehicles out of their driveway by 7:00 am on Tuesday, May 12th.

There will be **no parking on the west side of Mackinac** throughout the construction to maintain access to the hydrants and passage of emergency vehicles.

Residents in Phase 1 can place their cans out for trash as usual. Residents in Phase 2 will place their trash cans at the end of their driveway for the contractor to move to a pick up location. Cans must have the address clearly on them in order to be returned to the proper residence.

At this time, we would like to apologize for any inconvenience. We thank you for your patience and cooperation during this project. If you have any questions please contact the City of Roseville Engineering Department at (586) 445-5445.
